

Our Made To Order Quote Service For Tarpaulins

Fax to: +61 3 9571 7344

Mulders heavy duty Tarpaulins or Tarps can protect expensive equipment and machines exposed to outdoor, factory or harsh environments. Our tarps help keep loads secure, protect from UV, knocks, dust, wind, liquids, damage etc. Made from premium quality canvas or PVC all our tarps include heavy duty stitching and non rusting eyelets. Australian made, we offer a rapid manufacturing service plus competitive prices. Our Tarps are designed to suit the exact dimensions of your equipment but are easy to fit and remove. To quote for your Tarp we need the lengths below. We will work out a suitable Tarp design and price plus make necessary spacing allowances for ease of removal.
